# ABOUT US

From a humble coffee cart, Kings Cart Coffee expertise and success sparked the birth of Kings Cart Coffee Factory—amidst the Covid-19 pandemic in 2020.

Our team is made up of energetic and talented individuals who have been working together for more than 8 years. Despite our young history, we have become one of the most popular café in the East. Embracing the power of nature, the café house real coffee trees from cherries picked from parts of Asia and the mountains of Yunnan. In the front of the café sits our coffee roaster – a silent and majestic piece of machinery that brings about a profound romance and masculine appeal to the craft.

The lush greenery combined with soft earthly elements creates an inviting and homely environment for our customers to enjoy their time dining with us.

## “SNG BUEY”

9

意式酸梅汤

“Sng Buey” – means Sour Plum in Hokkien, a dialect frequently used by the older generation of Chinese Singaporeans. Known for its cooling properties, it is a key ingredient often used in iced beverages to combat our hot and humid weather. The sweet and tangy homemade sour plum combined with the robust flavours of the espresso is the perfect thirst quencher. We rimmed our cups with serbuk assam (sour plum powder) for an extra kick!

We serve it with a shot of espresso, creating a bitter sweet combination that is sure to make your taste buds sing!
